 $Normalized FFO of \$0.35 \ per \ Diluted \ Share for the Fourth \ Quarter and \$1.22 \ per \ Diluted \ Share for the Full \ Year, \ Representing a 13\% \ Year-Over-Year \ Increase$

Earns BBB Investment Grade Credit Rating

Introduces 2023 Full-Year Normalized FFO Guidance Range of \$1.23 to \$1.27 per Diluted Share

VIRGINIA BEACH, VA, February 14, 2023 - Armada Hoffler Properties, Inc. (NYSE: AHH) today announced its results for the quarter and year ended December 31, 2022 and provided an update on current events.

Highlights include:

- Net income attributable to common stockholders and OP Unit holders of \$11.5 million, or \$0.13 per diluted share, for the quarter ended December 31, 2022 compared to \$0.4 million, or less than \$0.01 per diluted share, for the quarter ended December 31, 2021. Net income attributable to common stockholders and OP Unit holders of \$82.5 million, or \$0.93 per diluted share, for the year ended December 31, 2022 compared to \$13.9 million, or \$0.17 per diluted share, for the year ended December 31, 2021. See "Non-GAAP Financial Measures."
- Funds from operations attributable to common stockholders and OP Unit holders ("FFO") of \$29.4 million, or \$0.33 per diluted share, for the quarter ended December 31, 2022 compared to \$19.9 million, or \$0.24 per diluted share, for the quarter ended December 31, 2021. FFO of \$106.6 million, or \$1.21 per diluted share, for the year ended December 31, 2022 compared to \$85.4 million, or \$1.05 per diluted share, for the year ended December 31, 2021, representing a 15% year-over-year increase. See "Non-GAAP Financial Measures."
- Normalized funds from operations attributable to common stockholders and OP Unit holders ("Normalized FFO") of \$30.6 million, or \$0.35 per diluted share, for the quarter ended December 31, 2022 compared to \$22.0 million, or \$0.27 per diluted share, for the quarter ended December 31, 2021. Normalized FFO of \$107.2 million, or \$1.22 per diluted share, for the year ended December 31, 2022 compared to Normalized FFO of \$87.6 million, or \$1.08 per diluted share, for the year ended December 31, 2021, representing a 13% year-over-year increase.
- Introduced 2023 full-year Normalized FFO guidance of \$1.23 to \$1.27 per diluted share, with the mid-point of the range representing a moderate increase over 2022 actual results.
- Awarded an investment grade credit rating of BBB with a stable trend from DBRS Morningstar.
- Maintained 97% portfolio occupancy as of December 31, 2022. Office occupancy remained at 97%, retail occupancy remained at 98%, and multifamily occupancy remained at 96%.
- · Positive renewal spreads during the fourth quarter across all segments:

- Lease rates on fourth quarter office lease renewals increased 6.1% on a GAAP basis and 1.9% on a cash basis.
- Lease rates on fourth quarter retail lease renewals increased 10.3% on a GAAP basis and 5.4% on a cash basis.
- Same Store Net Operating Income ("NOI") increased 5.2% on a GAAP basis and 5.9% on a cash basis compared to the quarter ended December 31, 2021:
 - Office Same Store NOI increased 3.1% on a GAAP basis and 4.0% on a cash basis.
 - Retail Same Store NOI increased 6.3% on a GAAP basis and 7.1% on a cash basis.
 - Multifamily Same Store NOI increased 4.6% on a GAAP basis and 5.0% on a cash basis.
- Same Store NOI increased 5.6% on a GAAP basis and 6.7% on a cash basis compared to the year ended December 31, 2021:
 - Office Same Store NOI decreased 0.3% on a GAAP basis and increased 1.5% on a cash basis.
 - Retail Same Store NOI increased 6.6% on a GAAP basis and 7.6% on a cash basis.
 - Multifamily Same Store NOI increased 9.9% on a GAAP basis and 10.2% on a cash basis.
- Executed a new 46,000 square foot lease with Morgan Stanley at Thames Street Wharf that expands the tenant's space to over 240,000 square feet and extends the lease term to 2035.
- Delivered Chronicle Mill, a 238-unit market rate apartment project in the Charlotte suburb of Belmont, North Carolina. As of December 31, 2022, Chronicle Mill was already 93% leased.
- Reinvested \$26.5 million of disposition proceeds to acquire Pembroke Square, a 100% leased grocery-anchored retail property located adjacent to the Town Center of Virginia Beach, at a 7.7% cap rate on in-place net operating income.
- Closed on a new \$100 million unsecured term loan, with an option to expand to \$200 million, subject to certain conditions, that matures in January 2027 and bears interest at term SOFR plus margin, with an effective fixed rate of 4.80% after considering the effect of interest rate swaps. The proceeds were used to repay mortgage debt secured by Wills Wharf and certain retail assets at the Town Center of Virginia Beach.
- Entered into an additional interest rate swap agreement covering \$100 million of indebtedness on the senior unsecured term loan facility, resulting in an effective fixed interest rate of 4.73%.

"The underlying fundamentals of our portfolio — occupancy, renewal spreads, weighted average lease terms, tenant diversification and credit quality — are stronger than ever and recently validated by our first ever investment grade credit rating," said Louis Haddad, President & CEO of Armada Hoffler. "We are proud of our team for successfully executing an exceptional year with continued healthy NOI growth in each of our asset classes and record bottom-line per share earnings."

Financial Results

The fourth quarter changes in net income, FFO and Normalized FFO attributable to common stockholders and OP Unit holders as compared to the fourth quarter of 2021 were positively impacted by higher property operating income due to acquisitions and developments, improved same-store performance, higher construction segment gross profit, higher interest income on our mezzanine loan portfolio, and lower impairment charges, and were negatively impacted by higher interest expense and lower gains on sale of real estate.

Full year changes in net income, FFO and Normalized FFO attributable to common stockholders and OP Unit holders as compared to 2021 were positively impacted by higher property operating income due to acquisitions and developments, improved same-store performance, higher gross profit on the construction segment due to an increased volume of projects in 2022, lower impairment charges, and mark-to-market gains on interest rate

derivatives, and were negatively impacted by higher interest expense, lower interest income from the mezzanine loan portfolio, lower gains on sale of real estate, and lower tax benefit.

Operating Performance

At the end of the year, the Company's retail, office, and multifamily core operating property portfolios were 97.9%, 96.7%, and 96.1% occupied, respectively.

Total third-party construction contract backlog was \$665.6 million as of December 31, 2022.

Balance Sheet and Financing Activity

As of December 31, 2022, the Company had \$1.1 billion of total debt outstanding, including \$61.0 million outstanding under its revolving credit facility and \$400.0 million outstanding under its senior unsecured term loan facility. Total debt outstanding excludes unamortized GAAP fair value adjustments and deferred financing costs. Approximately 60% of the Company's debt had fixed interest rates or was subject to interest rate swaps as of December 31, 2022. After considering London Interbank Offered Rate, Bloomberg Short-Term Bank Yield Index, and Secured Overnight Financing Rate interest rate caps with strike prices at or below 400 basis points, 100% of the Company's outstanding debt is now fixed or economically hedged.

Outlook

The Company is introducing its 2023 full-year Normalized FFO guidance in the range of \$1.23 to \$1.27 per diluted share, as set forth in the separate presentation that can be found on the Investors page of the Company's website, ArmadaHoffler.com. The following table outlines the Company's assumptions along with Normalized FFO per diluted share estimates for 2023. The Company's executive management will provide further details regarding its 2023 earnings guidance during today's webcast and conference call.

| Full-year 2023 Guidance [1][2] | Expected Ranges |
|----------------------------------|-------------------|
| Portfolio NOI | \$157.4M \$158.4M |
| Construction Segment Profit | \$11.8M \$12.8M |
| G&A Expenses | \$16.7M \$17.3M |
| Interest Income | \$12.8M \$13.4M |
| Interest Expense ^[3] | \$45.4M \$46.1M |
| Normalized FFO per diluted share | \$1.23 \$1.27 |

[1] Includes the following assumptions:

- Chronicle Mill stabilizes 1Q 2023
- Acquisitions of \$100 \$200M of assets
- · Existing development pipeline fully funded through the unsecured revolving credit facility
- Delivery of Southern Post 4Q 2023

[2] Ranges exclude certain items per Company's Normalized FFO definition: Normalized FFO excludes certain items, including debt extinguishment losses, acquisition, development and other pursuit costs, mark-to-market adjustments for interest rate derivatives, provision for non-cash unrealized credit losses, certain costs for interest rate caps designated as cash flow hedges, amortization of right-of-use assets attributable to finance leases, severance related costs, and other non-comparable items. See "Non-GAAP Financial Measures." The Company does not provide a reconciliation for its guidance range of Normalized FFO per diluted share to net income per diluted share, the most directly comparable forward-looking GAAP financial measure, because it is unable to provide a meaningful or accurate estimate of reconciling items and the information is not available without unreasonable effort as a result of the inherent difficulty of forecasting the timing and/or amounts of various items that would impact net income per diluted share. For the same reasons, the Company is unable to address the probable significance of the unavailable information and believes that providing a reconciliation for its guidance range of Normalized FFO per diluted share would imply a degree of precision for its forward-looking net income per diluted share that could be misleading to investors.

[2] Includes the interest expense on finance leases

About Armada Hoffler Properties, Inc.

Armada Hoffler Properties, Inc. (NYSE: AHH) is a vertically-integrated, self-managed real estate investment trust ("REIT") with over four decades of experience developing, building, acquiring, and managing high-quality, institutional-grade office, retail, and multifamily properties located primarily in the Mid-Atlantic and Southeastern United States. In addition to developing and building properties for its own account, the Company also provides development and general contracting construction services to third-party clients. Founded in 1979 by Daniel A. Hoffler, the Company has elected to be taxed as a REIT for U.S. federal income tax purposes.

Forward-Looking Statements

Certain matters within this press release are discussed using forward-looking language as specified in the Private Securities Litigation Reform Act of 1995, and, as such, may involve known and unknown risks, uncertainties and other factors that may cause the actual results or performance to differ from those projected in the forward-looking statement. These forward-looking statements may include comments relating to the current and future performance of the Company's operating property portfolio, the Company's development pipeline, the Company's mezzanine program, the Company's construction and development business, including backlog and timing of deliveries and estimated costs, financial outlook, guidance, and expectations. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise, and we may not be able to realize any forward-looking statement. For a description of factors that may cause the Company's actual results or performance to differ from its forward-looking statements, please review the information under the heading "Risk Factors" included in the Company's Annual Report on Form 10-K for the year ended December 31, 2021, and the other documents filed by the Company with the Securities and Exchange Commission from time to time. The Company expectations any obligation or undertaking to update or revise any forward-looking statement contained herein, to reflect any change in the Company's expectations with regard thereto, or any other change in events, conditions or circumstances on which any such statement is based, except to the extent otherwise required by applicable law.

Non-GAAP Financial Measures

The Company calculates FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts ("Nareit"). Nareit defines FFO as net income (loss) (calculated in accordance with GAAP), excluding depreciation and amortization related to real estate, gains or losses from the sale of certain real estate assets, gains and losses from change in control, and impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity.

FFO is a supplemental non-GAAP financial measure. The Company uses FFO as a supplemental performance measure because it believes that FFO is beneficial to investors as a starting point in measuring the Company's operational performance. Specifically, in excluding real estate related depreciation and amortization and gains and losses from property dispositions, which do not relate to or are not indicative of operating performance, FFO provides a performance measure that, when compared period-over-period, captures trends in occupancy rates, rental

rates and operating costs. We also believe that, as a widely recognized measure of the performance of REITs, FFO will be used by investors as a basis to compare the Company's operating performance with that of other REITs.

However, because FFO excludes depreciation and amortization and captures neither the changes in the value of the Company's properties that result from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of the Company's properties, all of which have real economic effects and could materially impact the Company's results from operations, the utility of FFO as a measure of the Company's performance is limited. In addition, other equity REITs may not calculate FFO in accordance with the Nareit definition as the Company does, and, accordingly, the Company's FFO may not be comparable to such other REITs' FFO. Accordingly, FFO should be considered only as a supplement to net income as a measure of the Company's performance. FFO should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to pay dividends or service indebtedness. Also, FFO should not be used as a supplement to or substitute for cash flow from operating activities computed in accordance with GAAP.

Management also believes that the computation of FFO in accordance with Nareit's definition includes certain items that are not indicative of the results provided by the Company's operating property portfolio and affect the comparability of the Company's period-over-period performance. Accordingly, management believes that Normalized FFO is a more useful performance measure that excludes certain items, including but not limited to, acquisition, development and other pursuit costs, gains or losses from the early extinguishment of debt, impairment of intangible assets and liabilities, mark-to-market adjustments for interest rate derivatives, certain costs for interest rate caps designated as cash flow hedges, provision for unrealized non-cash credit losses, amortization of right-of-use assets attributable to finance leases, severance related costs, and other non-comparable items.

NOI is the measure used by the Company's chief operating decision-maker to assess segment performance. The Company calculates NOI as property revenues (base rent, expense reimbursements, termination fees and other revenue) less property expenses (rental expenses and real estate taxes). NOI is not a measure of operating income or cash flows from operating activities as measured in accordance with GAAP and is not indicative of cash available to fund cash needs. As a result, NOI should not be considered an alternative to cash flows as a measure of liquidity. Not all companies calculate NOI in the same manner. The Company considers NOI to be an appropriate supplemental measure to net income because it assists both investors and management in understanding the core operations of the Company's real estate and construction businesses. To calculate NOI on a cash basis, we adjust NOI to exclude the net effects of straight line rent and the amortization of lease incentives and above/below market rents.

For reference, as an aid in understanding the Company's computation of NOI, NOI Cash Basis, FFO and Normalized FFO, a reconciliation of net income calculated in accordance with GAAP to NOI, NOI Cash Basis, FFO and Normalized FFO has been included at the end of this release.

ADJUSTED FUNDS FROM OPERATIONS:

We calculate Adjusted Funds From Operations ("AFFO") as Normalized FFO adjusted for the impact of non-cash stock compensation, tenant improvement, leasing commission and leasing incentive costs associated with second generation rental space, capital expenditures, non-cash interest expense, straight-line rents, cash ground rent payments for finance leases, the amortization of leasing incentives and above (below) market rents, and proceeds from government development grants, and payments made to purchase interest rate caps designated as cash flow hedges.

Management believes that AFFO provides useful supplemental information to investors regarding our operating performance as it provides a consistent comparison of our operating performance across time periods and allows investors to more easily compare our operating results with other REITs. However, other REITs may use different methodologies for calculating AFFO or similarly entitled FFO measures and, accordingly, our AFFO may not always be comparable to AFFO or other similarly entitled FFO measures of other REITs.

ANNUALIZED BASE RENT:

For the properties in our retail & office portfolios, we calculate annualized base rent ("ABR") by multiplying (a) monthly base rent (defined as cash base rent, before contractual tenant concessions and abatements, and excluding tenant reimbursements for expenses paid by us) as of December 31, 2022, for in-place leases as of such date by (b) 12, and do not give effect to periodic contractual rent increases or contingent rental revenue (e.g., percentage rent based on tenant sales thresholds). ABR per leased square foot is calculated by dividing (a) ABR by (b) square footage under in-place leases as of December 31, 2022. In the case of triple net or modified gross leases, our calculation of ABR does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses.

ANNUALIZED QUARTERLY RENT:

For the properties in our multifamily portfolio, we calculate annualized quarterly rent ("AQR") by multiplying (a) revenue for the quarter ended by (b) 4.

FUNDS FROM OPERATIONS:

We calculate Funds From Operations ("FFO") in accordance with the standards established by the National Association of Real Estate Investment Trusts ("Nareit"). Nareit defines FFO as net income (loss) (calculated in accordance with accounting principles generally accepted in the United States ("GAAP")), excluding depreciation and amortization related to real estate, gains or losses from the sale of certain real estate assets, gains and losses from change in control, and impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity.

FFO is a supplemental non-GAAP financial measure. Management uses FFO as a supplemental performance measure because it believes that FFO is beneficial to investors as a starting point in measuring our operational performance. Specifically, in excluding real estate related depreciation and amortization and gains and losses from property dispositions, which do not relate to or are not indicative of operating performance, FFO provides a performance measure that, when compared period-over-period, captures trends in occupancy rates, rental rates and operating costs. Other equity REITs may not calculate FFO in accordance with the Nareit definition as we do, and, accordingly, our FFO may not be comparable to such other REITs' FFO.

NET OPERATING INCOME:

We calculate Net Operating Income ("NOI") as property revenues (base rent, expense reimbursements, termination fees and other revenue) less property expenses (rental expenses and real estate taxes). Other REITs may use different methodologies for calculating NOI, and accordingly, our NOI may not be comparable to such other REITs' NOI. NOI is not a measure of operating income or cash flows from operating activities as measured by GAAP and is not indicative of cash available to fund cash needs. As a result, NOI should not be considered an alternative to cash flows as a measure of liquidity. We consider NOI to be an appropriate supplemental measure to net income because it assists both investors and management in understanding the core operations of our real estate business.

To calculate NOI on a cash basis, we adjust NOI to exclude the net effects of straight-line rent and the amortization of lease incentives and above/below market rents.

NET RENTARI E SOLIARE FOOTAGE

We define net rentable square footage for each of our retail & office properties as the sum of (a) the square footage of existing leases, plus (b) for available space, management's estimate of net rentable square footage based, in part, on past leases. The net rentable square footage included in office leases is generally consistent with the Building Owners and Managers Association 1996 measurement guidelines.

NORMALIZED FUNDS FROM OPERATIONS:

We calculate Normalized Funds From Operations ("Normalized FFO") as FFO calculated in accordance with the standards established by Nareit, adjusted for certain items, including but not limited to, acquisition, development and other pursuit costs, debt extinguishment losses, prepayment penalties, impairment of intangible assets and liabilities, mark-to-market adjustments on interest rate derivatives not designated as cash flow hedges, amortization of payments made to purchase interest rate caps designated as cash flow hedges, provision for unrealized non-cash credit losses, amortization of right-of-use assets attributable to finance leases, severance related costs, and other non-comparable items.

Management believes that the computation of FFO in accordance with Nareit's definition includes certain items that are not indicative of the results provided by our operating property portfolio and affect the comparability of our year-over-year performance. Accordingly, management believes that Normalized FFO is a more useful performance measure. Our calculation of Normalized FFO differs from Nareit's definition of FFO. Other equity REITs may not calculate Normalized FFO in the same manner as us, and, accordingly, our Normalized FFO may not be comparable to other REITs' Normalized FFO.

OCCUPANCY:

The occupancy for each of our retail & office properties is calculated as (a) square footage under executed leases as of the last day of the quarter, divided by (b) net rentable square feet, expressed as a percentage.

Occupancy for our multifamily properties is calculated as (a) average of the number of occupied units/beds on the 20th day of each of the trailing three months from the reporting period end date, divided by (b) total units/beds available as of such date, expressed as a percentage. Management believes that this methodology best captures the average monthly occupancy.

PROPERTY/STABILIZED PROPERTY ADJUSTED EBITDA:

We calculate Property Adjusted EBITDA as EBITDA coming solely from our operating properties.

When referring to Stabilized Property Adjusted EBITDA, we exclude certain items, including, but not limited to, the impact of redevelopment and development pipeline projects that are still in lease-up. We generally consider a property to be stabilized upon the earlier of (i) the quarter after which the property reaches 80% occupancy or (ii) the thirteenth quarter after the property receives its certificate of occupancy. Additionally, any property that is fully or partially taken out of service for the purpose of redevelopment is no longer considered stabilized until the redevelopment activities are complete, the asset is placed back into service, and the stabilization criteria above are again met. A property may also be fully or partially taken out of service as a result of a disposition, depending on the significance of the portion of the property disposed. Management believes that Stabilized Property Adjusted EBITDA provides useful supplemental information to investors regarding our properties' recurring operating performance as it provides a consistent comparison of our operating performance across time periods and allows investors to more easily compare our operating results with other REITs. However, other REITs may use different methodologies for calculating Stabilized Property Adjusted EBITDA or similarly titled measures.

27

SAME STORE PORTFOLIO:

We define same store properties as those that we owned and operated and that were stabilized for the entirety of both periods compared. We generally consider a property to be stabilized upon the earlier of: (i) the quarter after the property reaches 80% occupancy or (ii) the thirteenth quarter after the property receives its certificate of occupancy. Additionally, any property that is fully or partially taken out of service for the purpose of redevelopment is no longer considered stabilized until the redevelopment activities are complete, the asset is placed back into service, and the stabilization criteria above are again met. A property may also be fully or partially taken out of service as a result of a disposition, depending on the significance of the portion of the property disposed. Finally, any property classified as Held for Sale is not considered stabilized.

STABILIZED PROPERTY DEBT:

We calculate Stabilized Property Debt as our total debt secured by our stabilized properties, excluding loans associated with our development pipeline and our unsecured line of credit.

TOTAL ADJUSTED EBITDA:

We calculate Total Adjusted EBITDA as net income (loss) (calculated in accordance with GAAP), excluding interest expense, income taxes, depreciation and amortization, gains (or losses) from sales of depreciable operating property, impairment of real estate assets, debt extinguishment losses, non-cash stock compensation and mark-to-market adjustments on interest rate derivates, other one-time adjustments including non-recurring bad debt and termination fees.

Management believes Total Adjusted EBITDA is useful to investors in evaluating and facilitating comparisons of our operating performance between periods and between REITs by removing the impact of our capital structure (primarily interest expense) and asset base (primarily depreciation and amortization) from our operating results along with other non-comparable items.

FORWARD-LOOKING STATEMENTS

This presentation should be read in conjunction with the unaudited condensed consolidated financial statements appearing in our press release dated February 14, 2023, which has been furnished as Exhibit 99.1 to our Form 8-K furnished on February 14, 2023. The Company makes statements that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (set forth in Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act")). In particular, statements pertaining to our capital resources, portfolio performance and results of operations contain forward-looking statements. Likewise, all of our statements regarding our 2023 outlook and related assumptions, projections, anticipated growth in our funds from operations, normalized funds from operations, adjusted funds from operations, funds available for distribution and net operating income are forward-looking statements. You can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "intends," "plans," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases which are predictions of or indicate future events or trends and which do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions.

Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise and the Company may not be able to realize them. The Company does not guarantee that the transactions and events described will happen as described for that they will happen at all). For further discussion of risk factors and other events that could impact our future results, please refer to the section entitled "Risk Factors" in our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC"), and the documents subsequently filed by as from time to time with the SEC. The Company's actual future results and trends may differ materially from expectations depending on a variety of factors discussed in the Company's filings with the SEC. These factors include, without limitation: (a) the impact of the coronavirus (COVID-19) pandemic on macroeconomic conditions and economic conditions in the markets in which the Company operates, including, among others: (i) disruptions in, or a lack of access to, the capital markets or disruptions in the Company's ability to borrow amounts subject to existing construction loan commitments; (ii) adverse impacts to the Company's tenants' and other third parties' businesses and financial condition that adversely affect the ability and willingness of the Company's tenants and other third parties to satisfy their rent and other obligations to the Company, including deferred rent; (iii) the ability and willingness of the Company's tenants and other third parties to satisfy their rent and other obligations to the Company's properties on the same or better terms in the event of nonrenewal or early termination of existing leases; and (iv) federal, state and local government initiatives to mitigate the impact of the COVID-19 pandemic, including additional restrictions on business activities, shelter-in place orders and o

The Company does not provide a reconciliation for its guidance range of Normalized FFO per diluted share to net income per diluted share, the most directly comparable forward-looking GAAP financial measure, because it is unable to provide a meaningful or accurate estimate of reconciling items and the information is not available without unreasonable effort as a result of the inherent difficulty of forecasting the timing and/or amounts of various items that would impact net income per diluted share. For the same reasons, the Company is unable to address the probable significance of the unavailable information and believes that providing a reconciliation for its guidance range of Normalized FFO per diluted share would imply a degree of precision for its forward-looking net income per diluted share that could be misleading to investors.
