FORWARD-LOOKING STATEMENTS Armada Hoffler

This Supplemental Financial Package should be read in conjunction with the unaudited condensed consolidated financial statements appearing in our press release dated August 1, 2019, which has been furnished as Exhibit 99.1 to our Form 8-K filed on August 1, 2019. The Company makes statements in this Supplemental Financial Package that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (set forth in Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act")). In particular, statements pertaining to our capital resources, portfolio performance, mezzanine loan program, development pipeline and results of operations contain forward-looking statements. Likewise, all of our statements regarding anticipated growth in our funds from operations, normalized funds from operations, adjusted funds from operations, and net operating income are forward-looking statements. You can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "intends," "plans," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases which are predictions of or indicate future events or trends and which do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions.

Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, estimates, data or methods, which may be incorrect or imprecise, and actual results may vary materially from those anticipated, estimated or projected. The Company does not guarantee that the transactions and events described will happen as described (or that they will happen at all). For further discussion of risk factors and other events that could impact our future results, please refer to the section entitled "Risk Factors" in our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC"), and the documents subsequently filed by us from time to time with the SEC.

AHH LISTED Corporate Profile

Armada Hoffler Properties, Inc. (NYSE: AHH) is a vertically-integrated, self-managed real estate investment trust ("REIT") with four decades of experience developing, building, acquiring, and managing high-quality, institutional-grade office, retail, and multifamily properties located primarily in the Mid-Atlantic and Southeastern United States. In addition to developing and building properties for its own account, the Company also provides development and general contracting construction services to third-party clients. Founded in 1979 by Daniel A. Hoffler, the Company has elected to be taxed as a REIT for U.S. federal income tax purposes.

Highlights Highlights

- Net income attributable to common stockholders and OP Unit holders of \$6.0 million, or \$0.08 per diluted share, compared to \$5.9 million, or \$0.09 per diluted share, for the three months ended June 30, 2018.
- Funds from operations attributable to common stockholders and OP Unit holders ("FFO") of \$19.1 million, or \$0.27 per diluted share, compared to \$15.1 million, or \$0.24 per diluted share, for the three months ended June 30, 2018. See "Non-GAAP Financial Measures."
- Normalized funds from operations attributable to common stockholders and OP Unit holders ("Normalized FFO") of \$21.1 million, or \$0.30 per diluted share, compared to \$15.2 million, or \$0.24 per diluted share, for the three months ended June 30, 2018.
- Raised 2019 full-year Normalized FFO guidance to \$1.15 to \$1.19 per diluted share up from \$1.11 to \$1.17 per diluted share.
- Core operating property portfolio occupancy at 95.6% as of June 30, 2019 compared to 96.0% as of March 31, 2019.
- Same Store Net Operating Income ("NOI") increased for the 5th consecutive quarter. Same Store NOI increased 6.4% on a GAAP basis and 6.0% on a cash basis compared to the quarter ended June 30, 2018. Same Store NOI increased across all segments; multifamily Same Store NOI increased over 20% on both a GAAP and cash basis primarily due to the performance of the Johns Hopkins Village student housing project.
- Exercised our at-cost purchase option to acquire a 79% controlling interest in 1405 Point, the 17-story luxury high-rise apartment building located in the Harbor Point area of the Baltimore waterfront, in exchange for the Company's mezzanine loan investment and the assumption of existing debt.
- Completed the acquisitions of Red Mill Commons and Marketplace at Hilltop in Virginia Beach, Virginia for aggregate consideration of \$105.0 million, including \$63.8 million in Operating Partnership Units.
- Completed the acquisition of Thames Street Wharf, a certified LEED Gold, trophy office building located on the waterfront in the Harbor Point development of Baltimore, Maryland, for \$101.0 million.
- Announced Southern Post, a new 240,000 square foot mixed-use development in historic downtown Roswell, Georgia. The Company will be the majority partner in a joint venture to develop the project and anticipates commencing construction in the first quarter of 2020. Estimated development and construction costs for the project are expected to total approximately \$80 million.
- Raised \$61.3 million of net proceeds before estimated offering expenses through an underwritten public offering of 2.5 million shares of 6.75% Series A Cumulative Redeemable Perpetual Preferred Stock at a public offering price of \$25.00 per share.
- Raised \$7.6 million of gross proceeds through our at-the-market equity offering program at an average price of \$16.89 per share during the quarter ended June 30, 2019.

(1) The net rentable square footage for each of our retail & office properties is the sum of (a) the square footage of existing leases, plus (b) for available space, management's estimate of net rentable square footage based, in part, on past leases. The net rentable square footage included in office leases is generally consistent with the Building Owners and Managers Association, or BOMA, 1996 measurement guidelines.

(2) Occupancy for each of our retail & office properties is calculated as (a) square footage under executed leases as of June 30, 2019, divided by (b) net rentable square feet, expressed as a percentage. Occupancy for our multifamily properties is calculated as (a) total units occupied as of June 30, 2019, divided by (b) total units available, as of such date expressed as a percentage.

(3) For the properties in our office and retail portfolios, annualized base rent, or ABR, is calculated by multiplying (a) monthly base rent (defined as cash base rent, before contractual tenant concessions and abatements, and excluding tenant reimbursements for expenses paid by us) as of June 30, 2019 for inplace leases as of such date by (b) 12, and does not give effect to periodic contractual rent increases or contingent rental revenue (e.g., percentage rent based on tenant sales thresholds). ABR per leased square foot is calculated by dividing (a) ABR by (b) square footage under in-place leases as of June 30, 2019. In the case of triple net or modified gross leases, our calculation of ABR does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses.

(4) As of June 30, 2019, the Company occupied 50,583 square feet at these three properties at an ABR of \$1.6M, or \$30.82 per leased square foot, which amounts are reflected in this table. The rent paid by us is eliminated in accordance with GAAP in the consolidated financial statements.

(5) Includes ABR pursuant to a rooftop lease.

(6) Net rentable square feet at certain of our retail properties includes pad sites leased pursuant to the ground leases in the table to the right:

Total / Weighted Avg	37	726,766	\$7,527,045

(7) For the properties in our multifamily portfolio, ABR is calculated by multiplying (a) base rental payments for the month ended June 30, 2019 by (b) 12.

(8) The ABR for Liberty, Cosmopolitan, Johns Hopkins Village, and 1405 Point excludes \$293K, \$878K, \$1.1M, and \$259K from ground floor retail leases, respectively.

(9) The Company leases all of a portion of the land underlying this property pursuant to a ground lease. (10) Monthly rent per occupied unit is calculated by dividing total base rental payments for the month ended June 30, 2019 by the number of occupied beds.

(11) Excludes 44 units offline for redevelopment for occupancy.

NET OPERATING INCOME:

We calculate Net Operating Income ("NOI") as property revenues (base rent, expense reimbursements and other revenue) less property expenses (rental expenses and real estate taxes). Other REITs may use different methodologies for calculating NOI, and accordingly, our NOI may not be comparable to such other REITs' NOI. NOI is not a measure of operating income or cash flows from operating activities as measured by GAAP and is not indicative of cash available to fund cash needs. As a result, NOI should not be considered an alternative to cash flows as a measure of liquidity. We consider NOI to be an appropriate supplemental measure to net income because it assists both investors and management in understanding the core operations of our real estate business.

To calculate NOI on a cash basis, we adjust NOI to exclude the net effects of straight-line rent and the amortization of lease incentives and above/below market rents.

FUNDS FROM OPERATIONS:

We calculate Funds From Operations ("FFO") in accordance with the standards established by the National Association of Real Estate Investment Trusts ("Nareit"). Nareit defines FFO as net income (loss) (calculated in accordance with accounting principles generally accepted in the United States ("GAAP")), excluding depreciation and amortization related to real estate, gains or losses from the sale of certain real estate assets, gains and losses from change in control, and impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity.

FFO is a supplemental non-GAAP financial measure. Management uses FFO as a supplemental performance measure because it believes that FFO is beneficial to investors as a starting point in measuring our operational performance. Specifically, in excluding real estate related depreciation and amortization and gains and losses from property dispositions, which do not relate to or are not indicative of operating performance, FFO provides a performance measure that, when compared period-over-period, captures trends in occupancy rates, rental rates and operating costs. Other equity REITs may not calculate FFO in accordance with the Nareit definition as we do, and, accordingly, our FFO may not be comparable to such other REITs' FFO.

NORMALIZED FUNDS FROM OPERATIONS:

We calculate Normalized Funds From Operations ("Normalized FFO") as FFO calculated in accordance with the standards established by Nareit, adjusted for acquisition, development and other pursuit costs, gains or losses from the early extinguishment of debt, impairment of intangible assets and liabilities, mark-to-market adjustments on interest rate derivatives, severance related costs, and other non-comparable items.

Management believes that the computation of FFO in accordance to Nareit's definition includes certain items that are not indicative of the results provided by the Company's operating portfolio and affect the comparability of the Company's period-over-period performance. Our calculation of Normalized FFO differs from Nareit's definition of FFO. Other equity REITs may not calculate Normalized FFO in the same manner as us, and, accordingly, our Normalized FFO may not be comparable to other REITs' Normalized FFO.

Definitions

ADJUSTED FUNDS FROM OPERATIONS:

We calculate Adjusted Funds From Operations ("AFFO") as Normalized FFO adjusted for the impact of non-cash stock compensation, tenant improvement, leasing commission and leasing incentive costs associated with second generation rental space, capital expenditures, non-cash interest expense, proceeds from the sale of a purchase option (in excess of amounts recognized in net income), straight-line rents, the amortization of leasing incentives and above (below) market rents and proceeds from government development grants.

Management believes that AFFO provides useful supplemental information to investors regarding our operating performance as it provides a consistent comparison of our operating performance across time periods and allows investors to more easily compare our operating results with other REITs. However, other REITs may use different methodologies for calculating AFFO or similarly entitled FFO measures and, accordingly, our AFFO may not always be comparable to AFFO or other similarly entitled FFO measures of other REITs.

ADJUSTED EBITDA:

We calculate Adjusted EBITDA as net income (loss) (calculated in accordance with GAAP), excluding interest expense, income taxes, depreciation and amortization, gains (or losses) from sales of depreciable operating property, impairment of real estate assets, debt extinguishment losses, non-cash stock compensation and mark-to-market adjustments on interest rate derivates. Management believes Adjusted EBITDA is useful to investors in evaluating and facilitating comparisons of our operating performance between periods and between REITs by removing the impact of our capital structure (primarily interest expense) and asset base (primarily depreciation and amortization) from our operating results along with other non-comparable items.

CORE EBITDA:

We calculate Core EBITDA as EBITDA, excluding certain items, including, but not limited to, the impact of development pipeline projects that are still in lease-up. We generally consider a property to be in lease-up until the earlier of (i) the quarter after which the property reaches 80% occupancy or (ii) the thirteenth quarter after the property receives its certificate of occupancy. Management believes that Core EBITDA provides useful supplemental information to investors regarding our ongoing operating performance as it provides a consistent comparison of our operating performance across time periods and allows investors to more easily compare our operating results with other REITs. However, other REITs may use different methodologies for calculating Core EBITDA or similarly entitled measures and, accordingly, our Core EBITDA may not always be comparable to Core EBITDA or other similarly entitled measures of other REITs.

CORE DEBT:

We calculate Core Debt as our total debt, excluding loans associated with our development pipeline, cash & cash equivalents, and restricted cash.

SAME STORE PORTFOLIO:

We define same store properties as those that we owned and operated and that were stabilized for the entirety of both periods compared. We generally consider a property to be stabilized upon the earlier of: (i) the quarter after the property reaches 80% occupancy or (ii) the thirteenth quarter after the property receives its certificate of occupancy. Additionally, any property that is fully or partially taken out of service for the purpose of redevelopment is no longer considered stabilized until the redevelopment activities are complete, the asset is placed back into service, and the stabilization criteria above are again met. A property may also be fully or partially taken out of service as a result of a disposition, depending on the significance of the portion of the property disposed. Finally, any property classified as Held for Sale is taken out of service for the purpose computing same store operating results. The following table shows the properties included in the same store and non-same store portfolio for the comparative periods presented.
